NO. 293.

AN AWFUL OUTRAGE.

DYNAMITE BOMBS THROWN IN A THEATER.

EIGHTEEN PEOPLE WERE KILLED.

A Spanish Anarchist Hurled Two of the Explosives From a Gallery During the Performance of an Opera at Barcelona, Wrecking the Building and Causing a Terrible Panic.

BARCELONA, Spain, Nov. 9.—While fully 4,000 people of the very highest society of this city were last night enjoying a performance of the opera "William Tell" in the Liceo theater, a magnificent opera house, sometimes classed as the largest theater in Europe, two dynamite bombs were suddenly hurled from the topmost gallery into the midst of the stalls on the floor of the house.

One bomb exploded with a terrible report which shook the theater to its foundations and killed six men and nine women and wounded scores of others. Three other people were killed in the panic which followed. The other bomb fell into the lap of a lady from whence it rolled harmlessly to the floor.

For a moment the Liceo was filled with smoke and dust. Falling glass and plaster which caused a rattling din which added to the horrors of the situation and cries of dismay and pain increased the feeling of terror.

The terrified crowd, fearing that at any moment another bomb might be thrown into their midst, completely lost all sense of control, and there was a fierce rush for the doors, men and women fighting with each other as they crushed weaker ones beneath their feet in the efforts to escape, leaving the wounded and dying behind them, tended only by a few of the braver. In this mad rush many old people and children were severely injured through being trampled under foot, while others were severely bruised and crushed by the outpouring crowd.

The stalls presented a terrible appearance. The part where the bomb exploded was a mass of splintered wreckage amid which lay numbers of dead bodies, some of them so terribly mangled as to be beyond recognition.

Throughout the night the theater was surrounded by a dense crowd of people who packed the Ronda de Capuchinos to the utmost, and who were with difficulty kept back by a strong body of police. Many were the expressions of bitter indignation from all sides against the anarchists, this dynamite bomb outrage following so closely upon the attempt made by Pallas to take the life of Captain General Martinez Campos. There is, however, a universal feeling of consternation and the helplessness of the government in this emergency. All the houses inhabited by suspects have been searched and several arrests have been made. Among the first were an Italian named Sabini and a Frenchman named Aragon. It is presumed that the actual bomb thrower escaped and that the police are simply rounding up the Anarchist hounds with the hope of finding some clue to the actual perpetrator of the crime.

Later—it has just been learned—Salvador has confessed. His full name is Maurice Salvador.

CHICAGO.

The Republicans Have Apparently Made a Clean Sweep.

CHICAGO, Nov. 9.—The revision to day of election returns show that the Republicans elected their entire judicial ticket with the possible exception of Kraft, with Judge Gary in the lead. Kraft was identified to some extent with the Socialists. The Republicans showed general gains throughout the city and county over the presidential vote of last year and in addition Gary, who presided at the Haymarket anarchist trial, and who was opposed by Governor Altgeld's influence, received many Democratic votes, putting him considerably ahead of his ticket. In the fight for county commissioners, the result is somewhat in doubt and it may require the official count to decide which party is in the lead. It is apparent, however, that the board will be mixed as men on both tickets seem to have been elected.

The election of Judge Gary has been a very severe blow to Governor Altgeld, who dictated the make up of the Democratic ticket and threw his entire influence against Gary. The defeat, it is thought, has lessened the chances for re-election and discouraged the Democrats upon the eve of the election of a successor to the late Mayor Harrison.

ESCAPED FROM SIBERIA.

Ten Political Exiles Rescued by an American Whaler Just in Time.

SAN FRANCISCO, Nov. 9.—The captain of the whaling bark Charles W. Morgan, which arrived in port last night from Cape Horn, reports that September 3 in the Okhotsk sea seventy miles southwest of Cape Siroto, he picked up an open boat containing ten Siberian refugees who had put to sea to escape Siberian gibbets. The men had been at sea ten days and were there due without food or water and were in a pitiable condition. September 25 the Morgan spoke the whaler Cape Horn Pigeon and transferred five of the Russians to the vessel. The Cape Horn Pigeon is now bound for San Francisco.

Actor Curtis Wanted in Prison.

SAN FRANCISCO, Nov. 9.—The preliminary examination of Frank McManus and W. S. Dunn on the charge of bribing jurors in the Curtis murder trial has been continued for one week. A vigorous effort will be made to have Actor Curtis return from the East to testify.

All the stores in the state of Durango, Mexico, are closed on account of alleged excessive taxes and the people are unable to obtain bread.

OWNED BY UNCLE SAM.

Two Small Islands of the Hawaiian Group Belong to Him.

WASHINGTON, Nov. 9.—An interesting fact has developed bearing upon the Hawaiian annexation question in the records of the navy department. A glance at a good chart of the Hawaiian islands will show a long string of very small islands, extending northeast from the northernmost inhabited islands, Nihoa and Kauai, of the Hawaiian group. Most of these belong to the Hawaiian government and are considered a part of the Hawaiian group.

Two of them, Brooks or Midway islands, were on August 28, 1897, formally taken possession of by Captain William Reynolds, commanding the United States steamship Lackawanna, on behalf of the United States.

These islands were previously discovered July 5, 1859, by Captain N. C. Brooks, of the Hawaiian bark Gamarg, who formally took possession of them in the name of the Hawaiian government. The United States was actuated by a request made to Secretary of the Navy Gideon Welles, by Allen McLane, then president of the Pacific mail company, who desired the use of the islands as a coaling station.

Secretary Welles thereupon issued orders to Rear Admiral Thacher, commanding the North Pacific squadron, to take formal possession of the islands.

GOVERNOR WAITE.

He Issues a Thanksgiving Proclamation of an Unusual Order.

DENVER, Col., Nov. 9.—Governor Wait appoints the same Thanksgiving day as that designated by President Cleveland, and he finds some comfort in bountiful crops and the absence of war, pestilence and riots. But he invokes the people of the state to remember especially their brethren in bond—the 45,000 miners of silver who have been deprived of employment by tyranny and by corrupt and unconstitutional legislation; the agriculturists with no markets for their crops under mortgage burdens; the real estate owners and business men, who, under a system of trust deeds and attachment laws, the most infamous since the days of California, find their property when encumbered often sacrificed at a tithe of its value, and all this injustice is perpetrated to increase the inordinate riches of extortioners, whose avarice and greed, aided by corrupt legislation, has grasped the hands of 3,000 people more than half of all the wealth of the United States.

He asks the people to petition Almighty God to arouse the public sentiment to a sense of the dangers threatening the state, the nation, even civilization itself, that this government may not perish from the face of the earth.

Southwestern Irrigation Convention.

DEMING, N. M., Nov. 9.—The first annual board of whitening convention, which was organized here yesterday by delegates from New Mexico, Arizona, Texas and Kansas, adjourned sine die last evening after taking steps towards permanent organization. A lengthy address was issued to the people of New Mexico, Arizona and Texas and committees were appointed to urge holding the next session of the international congress at Albuquerque.

A Bandit Lynched.

LITTLE ROCK, Ark., Nov. 9.—The body of the notorious bandit and outlaw, Jasper Gordon, was found hanging to a tree in the Pea Ridge neighborhood. His body was riddled with bullets. It is generally believed he was one of the Iron Mountain train robbers. Gordon was wanted in several states for murder, arson and burglary.

Because He Didn't Like His Supper.

PARIS, Mo., Nov. 9.—Willie Gosney, aged 14 years, committed suicide here last evening by firing a bullet into his brain. He was the support of his widowed mother. The only cause known for the rash act was his becoming displeased with his supper.

Largest Dividend Ever Paid.

CHICAGO, Nov. 9.—On November 30 the Pennsylvania will pay to its stockholders an aggregate dividend of \$3,333,000. This is the largest dividend ever paid by any railroad corporation in the world at one time. It is at the rate of seven per cent per annum.

Killed While Hunting.

CHILLICOTHE, Mo., Nov. 9.—Albert C. Johnson, a young man living at Utica, this county, was instantly killed last evening by the discharge of his gun, caused by his team running away while returning from a hunt. He had been married but one month.

School Building Destroyed by Fire.

ATKINSON, Kan., Nov. 9.—The county high school building at Edgingham burned to the ground at 1 o'clock yesterday morning. Nothing was saved. The building was erected four years ago at a cost of nearly \$20,000.

NEWS BRIEVITIES.

Two illicit stills were raided at Ash-tabula, Ohio, one of them being in the heart of the town.

Tobacco manufacturers of the United States assembled in convention at the Abbott house, Washington. Delegates from nearly every section of the country were present.

Near Augusta, Ga., Edward Perin, 60 years of age, a prosperous farmer, was shot and killed by J. W. Clapp, a neighbor. A feud had existed between the two men for several years.

The commission headed by ex-Senator Dawes of Massachusetts, and former chairman of the senate Indian commission, will in a short time receive instructions from the interior department and go to the Indian territory to talk statehood matters to the five civilized tribes.

The high water mark of national bank circulation was reached in September, when banks took out additional circulation to relieve the stringency in the money market. Since then a gradual reduction has taken place, and since September 15 national banks which had previously taken out additional currency have surrendered circulation to the extent of \$1,136,250.

TUESDAY'S ELECTION

CORRECTED AND REVISED RETURNS COMING IN.

REPUBLICANS GAIN EVERYWHERE.

They Carry Eighty of the 105 Kansas Counties, and Elect Seven of the District Judges in Kansas—Populists Elect Five and the Democrats One—McKinley's Plurality Probably 100,000.

TOPEKA, Kan., Nov. 9.—Frank L. Brown, secretary of the Kansas Republican league states that he has made a careful examination of the reports received at his office, and is convinced that the Republicans have carried at least eighty counties. The reports, he said, indicated that the Republicans had made a gain over last year. He predicted that the total vote of the state would not foot up over 250,000. The total vote last year was 245,000. Mr. Brown thought the Populists would show a relative gain over 1891 on account of the present demoralized condition of the Democratic party.

Chairman Breidenbach of the People's party state committee, says that the Populists have carried Cloud, Thomas, Osage, Saline, Finney, Kingman, Pratt, Cherokee, Rooks, Smith, Decatur and Dickinson counties, with other Populist strongholds to hear from. He claims that his party will show heavy relative gains over 1891. The Republicans have probably elected seven district judges, the Populists five, and the Democrats one, as follows: Vandert, Republican, in the Sixteenth; Burnett, Republican, in the Nineteenth; Hays, Republican, in the Twelfth; Spillman, Republican, in the Twenty-first; Tompkins, Republican, in the Thirtieth; Pease, Republican, in the Thirty-first; Hatchinson, Republican, in the Thirty-second; Heller, Populist, in the Fifteenth; Geiger, Populist, in the Seventeenth; Andrews, Populist, in the Thirty-third; Wilcoxon, Populist, in the Thirty-fourth; Fitzgerald, Populist, in the Thirty-fifth; Harris, Democrat, in the Tenth.

The Republicans claim the election of Thompson in the Thirty-fifth district. Fitzgerald was the fusion candidate in that district.

The Republicans are making arrangements for a big jubilee in Topeka next Friday night. Speakers will be invited from all parts of the state.

McKINLEY'S PLURALITY.

His Plurality Over 100,000 Will Probably Reach 100,000.

COLUMBUS, Ohio, Nov. 9.—As the returns come in more fully the magnitude of the victory won by Governor McKinley increases hourly. At midnight Chairman Dick of the Republican state committee, closed up his headquarters and went home.

At that hour he said that while it would take the official returns to determine definitely he believed that McKinley's plurality would reach 100,000, the largest in the history of the state, except in 1863, when R. Hough had over 100,000, the opponent being Vallandigham, who was then an exile in Canada.

McKinley Nominated for President.

CLEVELAND, Ohio, Nov. 9.—The Leader has hoisted the name of Governor McKinley at the head of its columns for the consideration of the Republican party of the United States, saying: "Not because he is a son of Ohio, but because we believe him to most fully represent the all-important national issues that will be involved in the campaign of 1896. The momentous campaign which closed Tuesday night was waged entirely upon the great issue of protection, if McKinley is that."

It says McKinley is backed for the presidency by 100,000 majority of the voters of Ohio, and concludes as follows: "It is believed in Ohio that this is the meaning of Tuesday's verdict, and we think the Republicans of the nation will so accept it."

EX-PRESIDENT HARRISON.

He Finds Gratification and Comfort in the Results of the Election.

INDIANAPOLIS, Ind., Nov. 9.—Ex-President Harrison talked freely to a reporter last evening upon the result of the elections. "I find not only gratification and comfort but downright rejoicing in the handsome result," said he. "The Republican triumph was so sweeping and so general that the notion that local causes might have figured largely in the result is hardly tenable. Everything went Republican—that is, everything in the free part of the country, showing very clearly that general causes were at work."

"The result demonstrates that the faith of the people in the American industrial system was not lost, but only weakened, and has been renewed with redoubled strength. The cause was undoubtedly the general industrial depression. The people have had presented to them a sharp contrast between the two systems. They have been brought within a year from a condition of the highest prosperity to what we have now presented to us on all sides, not by the operation of a different system, but by the anticipation of it. We have had what might be termed one of Mr. Cleveland's object lessons."

SPEAKER CRISP TALKS.

He Attributes the Results of Tuesday to Purely Local Causes.

NASHVILLE, Tenn., Nov. 9.—Hon. Charles F. Crisp, speaker of the house of representatives, spent yesterday in Nashville en route home. In reply to questions concerning the election, he said that he did not ascribe the result of Tuesday to any feeling of opposition to the Democratic administration, but purely because of local causes. In his opinion the Democratic party had only to carry out the pledges of its

platform and the results of Tuesday would be forgotten before the next presidential contest.

"The tariff bill will be reported when congress convenes next month," said Mr. Crisp, "and it will be a clean-cut measure. It will provide for a revenue tariff and will make sweeping reductions all at once. The tariff articles that are now taxed will come in free and the new tariff will be a revenue tariff. It will be a bill to levy an income tax, and that the state bank tax will be repealed."

Nebraska Probably Republican.

OMAHA, Neb., Nov. 9.—The indications are that Harrison, Republican, for supreme judge, will carry the state by from 2,000 to 5,000 plurality over Holcomb, Populist. Only about half the state has been heard from. The returns show a heavy falling off in the vote—probably ten per cent Republican, fifteen per cent Democrat and five per cent Populist.

Five per cent of the Republicans went to the Populist candidate for supreme judge, and probably 10 per cent of the Democrats. In spite of this the Populist vote shows a decrease, and is taken as good evidence that the party in Nebraska is on the decline.

Twenty-four counties out of ninety in the state show Harrison, Republican, 18,000; Holcomb, Populist, 16,440; Irvine, Democrat, 1,520; Bittenbender, Prohibitionist, 1,400.

Jackson Will Have 40,000 Plurality.

DES MOINES, Iowa, Nov. 9.—Although all the counties have not been heard from, it is known to make certain that Jackson, Republican, is elected governor by a plurality which may reach 40,000, or even more.

The surprises of the campaign were the smallness of the Populist and Populist vote. Prohibitionists are only claiming 15,000 votes for Bennett and Mitchell. General Weaver says that the Populists will have 35,000 to 40,000 votes in the state. The returns indicate slight Populist gains, but Weaver's claims are said to be preposterous.

Mixed Results in Utah.

SALT LAKE CITY, Utah, Nov. 9.—Election returns from all over the territory indicate a mixed result, with large Republican gains on the average. The city elects two Liberals and one Democrat to the legislative council, and the rest of the Republicans elect five of that body, the Republicans five. The Liberals elect six members of the lower house in this city. The indications are that the other eighteen will be pretty evenly divided between the Republicans and Democrats.

Clean Sweep in New York.

NEW YORK, Nov. 9.—The election in this state was a clean and complete sweep for the Republicans, and every hour only adds to the thoroughness of the defeat suffered by the Democrats. Bartlett is elected to the court of appeals by a plurality of 65,000 over the rest of the Republican state ticket wins by 22,000. The state senate, now Democratic, will have a Republican majority of six, the assembly of seven. In the constitutional convention there will be 105 Republicans to seventy Democrats.

Populists Carry Eleven Counties.

RICHMOND, Va., Nov. 9.—The following summary of the vote has just been made up at Democratic headquarters: Fifty counties give a Democratic majority of 21,540. Fifteen counties give a Democratic majority of 7,751. There are fifty counties and the city of Bristol to be heard from. The indications are that the Democratic majority will reach 20,000. Populists carried eleven counties.

Increased Vote in Colorado.

DENVER, Col., Nov. 9.—Returns from the county elections, with the exception of two or three small precincts, received. They show Republican gains in a most every county and Populists lost a goodly number of votes. The vote was not so high as in 1891, but it was a goodly number of votes were rolled in the state than at last year's state and presidential election.

Populists Wiped Out in Kentucky.

LOUISVILLE, Ky., Nov. 9.—There is no way of making a comparison of the vote in Kentucky this year, with that of preceding elections, as no state office was contested. The Populists have been practically wiped out. The Democrats will have at least 100 members of the legislature out of a total of 135.

Women Suffrage for Colorado.

DENVER, Col., Nov. 9.—Women's suffrage has carried this state by a majority approaching 1,000. So far the returns are not all in, but the majority districts have all given a majority for women's suffrage. It is expected that the latter result will not reduce the majority now held.

Over a Hundred Thousand Majority.

PHILADELPHIA, Nov. 9.—With full returns from almost every county in the state it looks as though the Republican majority on the state ticket would not be less than 135,000. The vote in almost every instance has far exceeded the estimates of the most sanguine Republicans.

Republicans Gain in Maryland.

BALTIMORE, Md., Nov. 9.—The Democrats have carried this state by 23,000 plurality. They also elected 68 of the 91 members of the house of delegates and 20 out of 26 senators. The Republicans gained heavily in Western and Southern Maryland.

Republicans Carry Atchison Caucus.

ATKINSON, Kan., Nov. 9.—Returns have been very slow in coming in, but enough is known to insure the election of the entire Republican ticket by majorities ranging from 200 to 500.

Griffin Elected to Congress.

DETROIT, Mich., Nov. 9.—Levi T. Griffin, Democrat, is elected to fill the vacancy caused by the death of Congressman Chipman of the First district by a plurality of 1,700.

Death of Judge Quincy.

PARIS, Mo., Nov. 9.—Judge Samuel M. Quincy, aged 91 years, died Tuesday. He was one of the old-fashioned lawyers in the state and was for many years judge of our county court, and was one of our old settlers.

A DEADLY COLLISION

TWO ROCK ISLAND TRAINS MEET AT CHICAGO.

THREE KILLED; ELEVEN INJURED.

A Lamp Explodes and the Wreck Takes Fire—Many of the Injured Fatally Wounded—A Heavy Fog Made It Impossible to Clearly Discern the Signal Lights—Had Accident in Texas.

CHICAGO, Nov. 9.—By a rear end collision on the Chicago, Rock Island and Pacific last evening at Seventy-first street, three people were killed and eleven injured. Passenger train No. 11, known as the limited vestibule express, crashed into the rear end of a Blue Island accommodation, badly wrecking two coaches and the engine of the limited.

The dead are: Mark Bowman, Rock Island, flagman at Auburn Park; Mrs. Anthony, Rock Island; Carrie Barnes, South Eaglewood, identified by engineer, engraving on finger ring.

A number of the injured are believed to be fatally wounded. A heavy fog had settled over the city early in the evening and it was almost impossible to clearly discern signal lights.

The engine of the express train plunged its way into the rear coach of the accommodation. The car was picked up and carried forward so great was the momentum and was driven with terrible force into the end of the second coach from the rear. The explosion of a lamp ignited the wood work in the debris, and the fire soon began to spread rapidly.

An alarm was at once sent to the fire department, but before any of the engines had arrived the majority of the dead and wounded had been taken from the wreck. Some of them, however, being badly burned. The engine attached to the limited express had been partly demolished, and pouring from one of its escape pipes was a constant stream of scalding steam. This made the work of rescuers almost an impossibility at times. Men were driven back time and time again, and often the workmen were slightly scalded.

DOWN AN EMBANKMENT.

A Train on the Great Northern Wrecked Near Austin, Texas.

AUSTIN, Texas, Nov. 9.—As the south-bound International and Great Northern train yesterday morning was nearing a bridge just south of Hutto, an axle of the baggage car broke while the train was running about thirty miles an hour. Every car was thrown off the track and piled in a heap at the foot of the six p.m. embankment adjacent to the bridge.

Fire broke out immediately in the mail car and a panic reign among the passengers pinned in the other cars. The engineers of all trains, excepted death, though quite a number were painfully bruised. Considerable mail was burned.

KILLED IN A TUNNEL.

JEFFERSON CITY, Mo., Nov. 9.—Two men were killed on the Missouri Pacific road at the tunnel, near this place, yesterday morning. They were on the top of a car in the first section of the east-bound express train stealing their way through the tunnel, and being struck by the roof of the tunnel.

Breathless Hard Up.

CHICAGO, Ill., Nov. 9.—A delegation of three looking for Belshazzar, a friend in the many-hued costumes of Syria, appeared in court yesterday and asked to be helped out of trouble. They were members of the Midway Plaisance attraction at the fair known as the Belshazzar village or "Wild East show," and their animals and other effects are held in the Midway under various judgments. The Belshazzars said their funds were exhausted and they want the court to help them as they were suffering from cold and hunger. A receiver for the company was asked.

No Government Buildings.

WASHINGTON, Nov. 9.—There will be no appropriations for public buildings by the forthcoming congress if Chairman Sawyer of the appropriation committee succeeds in carrying out his plans, beyond that for a new government printing office, the necessity for which is clearly recognized from the condition of the present structure. It is proposed to provide an appropriation of \$100,000 to reconstruct and repair the present building so that it can be used as an office building.

Silver Still Rising.

WASHINGTON, Nov. 9.—Silver continues to rise in London, as indicated by a decline in the treasury department, and yesterday it was 33½ against 32½ in pence Tuesday. The tone is steady. The department has reason to think the upward tendency is in part the result of the purchase of silver by Japan and China, the intention of the latter country particularly, as an official of the department said today, being to buy whatever it can secure cheaply.

An Old Woman Fatally Burned.

ORANGE CITY, Kan., Nov. 9.—Mrs. Thomas Butler, an old resident of this city, was terribly burned yesterday afternoon. Her clothing caught fire from a stove and was burned entirely off her before assistance came. The flesh on her limbs and back is burned to a crisp. She is now alive but can not live.

Hard Work Securing a Jury.

CHICAGO, Nov. 9.—In the Coughlin case there is nothing to relieve the monotony of the lawyers' attempts to secure a jury. Four men have been tendered by the state to the defense, but one has been accepted by both sides. It is not thought probable that a jury will be secured this week.

LET US SHOW YOU

What you ought to see at the earliest possible moment, the most complete line of ladies' and gentlemen's clothing, hats, shoes, etc., in the city. We can show you just what you need for all occasions and in all weather, both for indoor and outdoor wear, at figures that are equal to any other in the territory. It's well enough to take time, but don't forget it, as you have time, don't lose it, because it's gone before you arrive.
